HONORS AND AWARDS

<i>Orthopedics</i> Best Clinical Article Award	2016
Frisch NB , Nahm N, Khalil JG, Guthrie ST, Charters MA. Short versus Long Cephalomedullary Nail for Pertrochanteric Hip Fractures – <i>Orthopedics</i> , 2016. PMID: 27874910	
Frisch NB , Evans T, Dobson C, Gibson G, Parsons TW, Mott MP. The Validity of a Rat Model for Analyzing miRNA in Chondrosarcoma Winner Best Poster - American Academy of Orthopaedic Surgeons – San Diego, CA	March 2017
AAHKS Healthcare Policy Fellowship	2017-2018
Outstanding Resident Award Henry Ford Hospital – Detroit, MI	May 2016
Winner Ford Motor Co. Connected Health Challenge – Detroit, MI	June 2016
Winner Best Paper Award, Michigan Orthopaedic Society Annual Meeting – Mackinac Island, MI	June 2016
Frisch NB , Taliaferro K, Wessell NM, Ananthasubramaniam K, Brooks K, Silverton CD. Metal Ion-Induced Cardiomyopathy in Dual-Taper Modular THA 2 nd Place Paper Award, Michigan Orthopaedic Society Annual Meeting – Mackinac Island, MI	June 2016
Frisch NB , Pepper A, Guthrie ST, Silverton CD. Intraoperative Temperature Monitoring in Hip Fractures	
Winner Mid-America Orthopaedic Associate Educational Grant – Bonita Springs, FL	April 2016
2 nd Place SEMCME Research Forum - Rochester, MI	May 2016
Frisch NB , Pepper A, Guthrie ST, Silverton CD. Intraoperative Temperature Monitoring in Hip Fractures	
Alpha Omega Alpha –Member, Wayne State University School of Medicine	2014
Winner Henry Ford Annual Medical Education Research Forum (Clinical) - Detroit, MI	February 2016
Frisch NB , Pepper A, Guthrie ST, Silverton CD. Intraoperative Temperature Monitoring in Hip Fractures	
Winner Henry Ford Annual Medical Education Research Forum (Basic Science) - Detroit, MI	February 2016
Frisch NB , Lynch J, Banglmaier RF, Silverton CD. The Effect of Impact Location on Force Transmission to the Modular Junctions of Dual-Taper Modular Hip Implants	
Winner of Detroit Academy of Orthopaedic Surgeons Resident Research Symposium – Birmingham, MI	May 2015

Frisch NB , Wessell NM, Charters MA, Goldstein A, Cann B, Silverton CD. Impact of Body Mass Index on Blood Transfusion in Total Hip and Knee Arthroplasty	
Winner of Detroit Academy of Orthopaedic Surgeons Resident Research Symposium – Birmingham, MI	May 2014
Frisch NB , Charters MA, Sikora-Klak J, Banglmaier RF, Oravec DJ, Silverton CD. Intraoperative Periprosthetic Femur Fracture: A Biomechanical Analysis of Cerclage Fixation	
Winner of Henry Ford Health System Research Symposium in Epidemiology – Detroit, MI	May 2014
Frisch NB , Charters M, Dobson C, Les C, Hoegler J, Hakeos W, Guthrie T. Intertrochanteric Hip Fractures: How Time To Surgery and Comorbidities Affect Mortality	
Winner of Edward D. Henderson, M.D. Physician in Training Award, Mid-America Orthopaedic Association Annual Meeting – San Antonio, TX	April 2014
Charters MA, Frisch NB , Wessell NM, Sikora-Klak J, Yu S, Jeffries JJ, Les CM, Silverton CD, Laker M. Rivaroxaban versus Enoxaparin for Venous Thromboembolism Prophylaxis after Hip and Knee Arthroplasty	
Winner \$10K Henry Ford Innovation Institute Challenge – reducing 30 day readmissions through technology	2013
\$2500 Henry Ford Innovation Institute Challenge – wireless, wearable sensor technology in healthcare	2014
Norman S. Stern MD MBA Award, Tufts University School of Medicine	2011
Phi Beta Kappa, University of Vermont	2003
English Departmental Honors	2003
NCAA Division I Academic Honor Roll	2000 & 2001
National Society of Collegiate Scholars	2001
Golden Key International Honour Society	2001
Phi Eta Sigma National Honor Society	2000

INTELLECTUAL PROPERTY

Frisch, NB, Keller, RA, Henry Ford Health Systems; “System for wireless monitoring of musculoskeletal range of motion,” 2015, U.S. Provisional Patent Appl. 62/153,708, April 28, 2015.

Frisch, N, Keller R, Bartol S, Ford Motor Company; “Patient-centered vehicle emergency application and web interface that provides emergency personnel with vehicle data and personalized occupant health information,” U.S. Provisional Patent Appl 62/398,862, September 23, 2016.

PROFESSIONAL HEALTHCARE EXPERIENCE

3M, Maplewood, MN September 2016 – Present
Physician Advisor

miROM, LLC, Detroit, MI September 2016 – Present
Co-Founder
Develop and design sensor technology for musculoskeletal injury prevention and rehabilitation

Detroit Digital Technology, LLC, Detroit, MI September 2013 – Present
Co-Founder
Developed business plan and ascertained funding for launch of Detroit Digital Technology LLC
Design and creation of web-based and mobile medical apps

MD | MBA Network, Boston, MA September 2008 – June 2012
Co-Founder

Developed business plan and ascertained funding for launch of MD|MBA Network – a fully functional web-based platform for collaboration between MD/MBA alumni, faculty, administration and current students
 Designed web-based platform, managed platform construction and coordinated with faculty and administration, orchestrating official Network launch event at Tufts University School of Medicine

Tufts Medical Center, Boston, MA April 2010 – June 2011
 Consultant

Benchmarked and proposed a curriculum for a Leadership Education Program designed for new physician executives/leaders at Tufts Medical Center
 Created Program’s teaching structure and content through collaboration with administrators and faculty at Tufts University and Brandies Heller School of Healthcare Management

Tufts Medical Center Physicians Organization, Boston, MA November 2009 – March 2010
 Consultant

Conducted market research for proposed business development models
 Proposed strategies to optimize service delivery based on market analysis

Tufts Medical Center, Boston, MA August 2008 – January 2009
 Consultant

Researched and provided strategic analysis of new business development protocols for medical universities, academic medical centers and device/pharmaceutical companies
 Proposed and presented potential Tufts Medical Center-specific models for new business development

Tufts Health Plan, Watertown, MA May – November 2008
 Consultant

Reviewed evidence-based medicine, provider perspectives, competitor positions and Tufts Health Plan data on total joint replacement
 Provided consolidated review of clinical decision-making processes and developed potential medical policy and management strategies surrounding total joint replacement

Cambridge Health Alliance, Cambridge, MA June – August 2007
 Consultant

Developed a business plan for a Sports Medicine Fellowship in Family Medicine
 Analyzed process flow for the Department of Orthopaedics at the Cambridge Campus

EMPLOYMENT EXPERIENCE

G.A. FRISCH, INC., Troy, MI 2003 – 2008
Project Manager

- Supervised commercial, industrial and historic restoration projects
- Redesigned and implemented automated progress reports and project flow analysis
- Oversaw development of company safety program based on updated Michigan OSHA standards

FLETCHER ALLEN HEALTH CARE, South Burlington, VT 2001 – 2002
Hemodialysis Technician

- Performed patient care duties related to patients’ personal needs, comfort and safety
- Administered hemodialysis treatments to patients in end stage or acute renal failure
